CHURCH library

A quartet of library aids and "educational excellence." Carlton Carter. N '71 p 47

What should a good church library do?

Toward Maturity

Being considerate and decent includes not being little or mean, not taking unfair advantage, not using personalities in arguments, and not being unjust in judging others. It gives consideration to the rights and feelings of people to whom one is under no obligation. It shows itself in the thoughtfulness that prompts one to speak well of the jobs other people are doing.
